OBJECTIVE

To apply my full-stack development skills, including expertise in ReactJS and NodeJS in a dynamic and growth-oriented environment. Eager to contribute innovative solutions, collaborate effectively, and advance my career in web development.

EDUCATION

- SARVAJANIK COLLEGE OF ENGINEERING AND TECHNOLOGY, SURAT** 2024-Present  
Master of Computer Applications  
8.09
- VEER NARMAD SOUTH GUJARAT UNIVERSITY, SURAT** 2021-2024  
Bachelor of Computer Applications  
7.01

SKILLS

- React Js
- Node Js
- Web Development: HTML, CSS, JavaScript, JSON
- Programming Languages : Java, PHP, Python
- Database Management: MySQL , MongoDB
- Data Structures

PROJECTS

- College Management System(in PHP, MySQL)**  
Project Description:  
Led the development of a robust College Management System using PHP and MySQL, enabling seamless management of faculty, students, and administrative tasks. Overcame the challenge of designing a userfriendly interface that accommodates various user roles. Implemented role-based access control to ensure data security and privacy. Integrated Ajax for dynamic updates and improved user experience. Enhanced system functionality by implementing features for assignment uploading, student attendance tracking, and user profile management. Collaborated with a team to meet project deadlines and ensure smooth deployment.
- EliteWear E-commerce ( PHP - Laravel)**  
Technology Stack:  
PHP (Laravel), HTML/CSS, JavaScript, MySQL  
  
Project Description:  
Developed a fully functional, responsive e-commerce web application for online clothing retail, designed to provide a seamless shopping experience for users and robust administrative controls for the backend. The platform includes customer and admin modules, secure payment gateway integration, real-time inventory management, and data analytics.
- E-Commerce Website (MERN Stack, Stripe, Razorpay, Vercel)**  
Project Description:  
Built and deployed a MERN stack e-commerce platform with product browsing, filtering, cart, and order management. Integrated Stripe and Razorpay payment gateways along with Cash on Delivery, enabling secure transactions. Developed a secure Admin Dashboard for product and order management, with JWT authentication and RESTful APIs.
